

# Contents

|                  |      |
|------------------|------|
| Preface          | xi   |
| Abbreviations    | xiii |
| Acknowledgements | xv   |

## **PART 1: GENERAL**

|   |   |
|---|---|
| Purpose and content of the book                 | 3 |
| Outline of the tendering and estimating process | 5 |

## **PART 2: PRELIMINARIES AND GENERAL ITEMS**

|   |    |
|---|----|
| General requirements and method related charges | 15 |
| Checklist of items                              | 15 |
| Insurances and bond                             | 21 |
| Worked example                                  | 24 |

## **PART 3: RESOURCES**

|                       |     |
|-----------------------|-----|
| Basis of this section | 33  |
| Labour costs          | 35  |
| Basic material prices | 39  |
| Plant                 | 117 |

## **PART 4: UNIT COSTS (CIVIL ENGINEERING WORKS)**

|   |     |
|---|-----|
| Introductory Notes  | 147 |
| Guidance Notes  | 148 |
| Class A: General items  | 149 |
| Class B: Ground investigation   | 152 |
| Class C: Geotechnical and other specialist processes                              | 156 |
| Class D: Demolition and site clearance  | 164 |
| Class E: Excavation   | 166 |
| Class F: In situ concrete   | 188 |
| Class G: Concrete ancillaries   | 193 |
| Class H: Precast concrete   | 204 |
| Class I: Pipework - pipes   | 206 |
| Class J: Pipework - fittings and valves   | 224 |
| Class K: Pipework - manholes and pipework ancillaries                             | 225 |
| Class L: Pipework - supports and protection, ancillaries to laying and excavation | 237 |
| Class M: Structural metalwork   | 242 |
| Class N: Miscellaneous metalwork  | 244 |
| Class O: Timber   | 249 |
| Class P: Piling   | 255 |

|  |     |
|--|-----|
| Class Q: Piling ancillaries  | 269 |
| Class R: Roads and pavings   | 276 |
| Class S: Rail track  | 292 |
| Class T: Tunnels   | 299 |
| Class U: Brickwork, blockwork and masonry                            | 303 |
| Class V: Painting  | 316 |
| Class W: Waterproofing   | 323 |
| Class X: Miscellaneous work  | 328 |
| Class Y: Sewer and water main renovation and ancillary works         | 333 |
| Class Z: Simple building works incidental to civil engineering works | 335 |

#### **PART 5: UNIT COSTS (HIGHWAY WORKS)**

|   |     |
|---|-----|
| Introductory notes  | 351 |
| Guidance notes  | 352 |
| Series 100: Preliminaries   | 355 |
| Series 200: Site clearance  | 357 |
| Series 300: Fencing   | 360 |
| Series 400: Road restraint systems (vehicle and pedestrian)   | 364 |
| Series 500: Drainage and service ducts  | 370 |
| Series 600: Earthworks  | 389 |
| Series 700: Pavements   | 406 |
| Series 1100: Kerbs, footways & paved areas  | 413 |
| Series 1200: Traffic signs and road markings  | 421 |
| Series 1300: Road lighting columns and brackets, CCTV masts and cantilever masts                            | 427 |
| Series 1400: Electrical work for road lighting and traffic signs  | 430 |
| Series 1500: Motorway communications  | 433 |
| Series 1600: Piling and embedded retaining walls  | 435 |
| Series 1700: Structural concrete  | 452 |
| Series 1800: Steelwork for structures   | 459 |
| Series 1900: Protection of steelwork against corrosion  | 460 |
| Series 2000: Waterproofing for structures   | 462 |
| Series 2100: Bridge bearings  | 464 |
| Series 2300: Bridge expansion joints and sealing of gaps  | 466 |
| Series 2400: Brickwork, blockwork and stonework   | 467 |
| Series 2500: Special structures   | 474 |
| Series 2700: Accommodation works, works for statutory undertakers,<br>provisional sums and prime cost items | 475 |
| Series 3000: Landscape and ecology  | 476 |
| Series 5000: Maintenance painting of steelwork  | 480 |

#### **PART 6: LAND REMEDIATION**

|                |     |
|----------------|-----|
| Guidance notes | 482 |
| Definition     | 483 |
| Background     | 486 |

|                             |     |
|-----------------------------|-----|
| Initial study               | 488 |
| Land remediation techniques | 491 |
| Cost considerations         | 492 |
| The landfill tax            | 497 |

#### **PART 7: UNIT COSTS (ANCILLARY BUILDING WORKS)**

|   |     |
|---|-----|
| Introductory notes                                      | 501 |
| Substructure  | 503 |
| Superstructure  | 506 |
| Frame to roof   | 506 |
| Roof  | 509 |
| Stairs  | 517 |
| External walls  | 518 |
| Windows and external doors                              | 522 |
| Internal walls, partitions and doors                    | 523 |
| Internal doors  | 525 |
| Wall finishes   | 526 |
| Floor finishes  | 527 |
| Ceiling finishes  | 530 |
| Decorations   | 531 |
| Fittings and furnishings                                | 532 |
| Sanitary and disposal installations                     | 533 |
| Services installations                                  | 534 |
| Heating, air-conditioning and ventilating installations | 534 |
| Electrical installations                                | 534 |
| Gas installation  | 535 |
| Lift and conveyor installations                         | 535 |
| Protective, communication and special installations     | 536 |
| Builders' work in connection with services              | 537 |
| Site work   | 537 |
| Landscaping and external works                          | 537 |
| External services                                       | 539 |
| Drainage  | 540 |

#### **PART 8: ONCOSTS AND PROFIT**

|   |     |
|---|-----|
| Risk/opportunity                                  | 543 |
| Head office overheads                             | 543 |
| Profit  | 543 |
| Finance costs - assessment of contract investment | 543 |
| Value added tax                                   | 545 |
| Tender summary                                    | 545 |

#### **PART 9: COSTS AND TENDER PRICES INDICES**

|  |     |
|--|-----|
| Introduction   | 549 |
| Price adjustment formula indices                                       | 549 |
| A constructed cost index based on the price adjustment formula indices | 551 |
| The road construction tender price index                               | 553 |

**PART 10: DAYWORK**

|   |     |
|---|-----|
| Introduction  | 557 |
| Schedules of dayworks carried out incidental to contract work | 558 |
| Application of dayworks                                       | 559 |

**PART 11: PROFESSIONAL FEES**

|                            |     |
|----------------------------|-----|
| Consulting engineers' fees | 567 |
| Quantity surveyors' fees   | 571 |

**PART 12: APPROXIMATE ESTIMATES**

|   |     |
|---|-----|
| 1. Industrial and commercial buildings and civil engineering facilities | 575 |
| 2. Foundations for structures   | 577 |
| 3. Earth retention and stabilisation                                    | 578 |
| 4. Bridgeworks  | 579 |
| 5. Highway works  | 580 |
| 6. Civil engineering works site utilities and infrastructure            | 583 |
| 7. Landscaping  | 586 |
| 8. Temporary works  | 588 |

**PART 13: OUTPUTS**

|   |     |
|---|-----|
| Disposal of excavated materials   | 593 |
| Breaking out pavements, brickwork, concrete and masonry by hand and pneumatic breaker | 594 |
| Loading loose materials and items by hand   | 595 |
| Placing ready mixed concrete in the works   | 596 |
| Fixing bar reinforcement  | 597 |
| Erecting formwork to beams and walls  | 598 |
| Erecting formwork to slabs  | 598 |
| Multipliers for formwork  | 598 |
| Laying and jointing flexible-jointed clayware pipes                                   | 599 |
| Precast concrete manholes in sections   | 600 |

**PART 14: TABLES AND MEMORANDA**

|   |     |
|---|-----|
| Quick reference conversion tables       | 603 |
| Conversion factors - metric to imperial | 604 |
| Conversion factors - imperial to metric | 606 |
| Conversion tables                       | 607 |
| Speed conversion                        | 613 |
| Formulae                                | 615 |

|                            |     |
|----------------------------|-----|
| Earthwork                  | 620 |
| Concrete work              | 626 |
| Masonry                    | 635 |
| Timber                     | 641 |
| Structural metalwork       | 646 |
| Spacing of holes in angles | 669 |

|  |            |
|--|------------|
| Paving and surfacing                     | 670        |
| Seeding/turfing and planting             | 677        |
| Fencing and gates                        | 679        |
| Drainage                                 | 684        |
| Piped supply systems                     | 690        |
| Electrical supply/power/lighting systems | 691        |
| Rail tracks                              | 692        |
| The aggregates levy                      | 697        |
| Capital allowances                       | 703        |
| VAT and construction                     | 713        |
| Useful addresses for further information | 721        |
| <b>INDEX</b>                             | <b>729</b> |
